The Architects' Journal Library of Planned Information.

Index to Information Sheets.

Reference numbers in italic refer to the fifty-four Sheets from the Information Book of Sir John Burnet, Tait & Lorne, which were published in "The Architects' Journal" but which do not form part of the Library of Planned Information.

All Information Sheets issued from the inception of the Library up to the end of 1938 have been republished in bound volume form and the Roman numerals before the numbers of the Sheets in the Index indicate the volumes in which the Sheets are included.
